Sending a Letter

Let your child color or draw a picture to send to a friend or family member. Get the picture ready for mailing. Walk with your child to the mailbox and help him put the envelope inside the box. Tell your child what the mail carrier will do with the envelope. Remind your child that God made people such as mail carriers to help us.

Doctor's Office

Using a toy doctor kit, pretend to visit the doctor with your child. As you take turns being the patient and the doctor, talk about how doctors and nurses help us feel better. Remind your child that God made people such as doctors and nurses to help us.
